

5112 - ENTRANCE REQUIREMENTS

The Board of Education establishes the following entrance age requirements for students, which are consistent with statute and sound educational practice, and directs that all eligible students be treated in an equitable manner.

Kindergarten

A child is eligible for entrance into kindergarten if s/he attains the age of five (5) on or before August 1 of the year in which s/he applies for entrance. The Board may admit a younger child to kindergarten if the child satisfies the Board's early entrance criteria. A child under age six (6) who is enrolled in kindergarten will be considered of compulsory school age.

The Board will admit to kindergarten any child who has not attained the entrance age requirement of this District, but who was properly enrolled in a public or chartered nonpublic school kindergarten before transferring to the District.

First Grade

A child is eligible for entrance into first grade if s/he attains the age of six (6) on or before August 1 of the year in which s/he applies for entrance and has completed the kindergarten program of this District or an equivalent program elsewhere and has been recommended by the teacher for advancement to the first grade. The Board may admit to first grade a younger child who has successfully completed kindergarten if the child satisfies the Board's early entrance criteria.

Required Documents

The Superintendent shall require that each child who registers for entrance to school provide:

- A. his/her birth certificate or similar documentation authorized by law as proof of age and birthdate;

- B. a certified copy of any custody order or decree together with any modification in such an order or decree.

If such documents are not provided, the child may be admitted under the Superintendent's guidelines. Appropriate law enforcement authorities shall be notified in the event that required documents are not provided in accordance with the provisions of R.C. 3313.672. However, a child who is placed in a foster home or residential facility (i.e., a group home for children, children's crisis care facility, children's residential center, residential parenting facility that provides twenty-four (24) hour child care, county children's home, or district children's home) will not be denied admission solely because the child does not present a birth certificate, comparable certification, or other comparable document upon registration. Such protected child will be admitted under temporary enrollment for a period of up to ninety (90) days to present the required documentation. The protected child and/or the child's parent, guardian, or custodian will be so informed at the time of the child's initial admission.

Each child entering the District's kindergarten or first grade program for the first time must be properly screened for any medical or health problems as well as those related to hearing, vision, speech and communications. The cost for such screening shall be paid by the parents.

Any parent may provide the District with a written statement indicating that s/he does not wish to have his/her child screened.

Early Entrance Criteria

The District provides early admission to kindergarten and first grade for qualified students. Copies of the referral forms for evaluation for early entrance to kindergarten or first grade will be available in each school building. Any student residing in the District may be referred by an educator employed by the District, a preschool educator who knows the child, the child's parent or guardian, or a pediatrician or psychologist who knows the child. The referral shall be made to the principal of the school for evaluation for possible early admission.

Before a student is evaluated for early entrance, the principal (or his/her designee) of the school to which the child may be admitted shall obtain written permission from the child's parent/guardian.

Evaluations related to referrals submitted to the school principal between August 15th and April 15th, will ordinarily be completed and a written report issued within forty-five (45) calendar days of submission of the referral to the school principal. Evaluations related to referrals submitted to the school principal between April 16th and August 14th will ordinarily be completed and a written report issued within forty-five (45) days of the start of the school year.

Children referred for early entrance will be evaluated in a prompt manner. The principal of the school to which the child may be admitted shall convene an acceleration evaluation committee to determine whether early entrance is appropriate for that child. The acceleration evaluation committee shall include the following:

- A. a parent/legal guardian or a representative designated by the parent/guardian

- B. a gifted education coordinator or gifted education specialist, or, if neither is available, a school psychologist or a guidance counselor with expertise in the appropriate use of academic acceleration.

- C. the principal or assistant principal of the school to which the child may be admitted

- D. a teacher at the grade level to which the student may be admitted

The acceleration evaluation committee shall be responsible for conducting a fair and thorough evaluation of the student. The acceleration evaluation committee will also consider the student's own thoughts on possible accelerated placement in its deliberations.

Children considered for early entrance shall be evaluated using an acceleration assessment process approved by the Ohio Department of Education.

A meeting will be conducted with the parent/guardian following the evaluation to inform him/her of the committee's decision and, if appropriate, to discuss the results of the evaluation and the nature of the kindergarten or first grade program.

The parent/guardian will be provided with a written summary of the outcome of the evaluation process. This notification shall include instructions for appealing the outcome of the evaluation process.

Appeals must be made in writing to the Superintendent within thirty (30) calendar days of the parent/guardian receiving the results of the evaluation. The Superintendent or his/her designee shall review the appeal and notify the parent/guardian of his/her decision within thirty (30) calendar days of receiving the appeal. The Superintendent or his/her designee's decision will be final.

If a child is recommended for early entrance, the acceleration evaluation committee will develop a written acceleration plan for that child. The plan will specify:

- A. placement of the child in the accelerated setting;

- B. strategies to support successful early entrance; and

- C. an appropriate transition period for accelerated students.

A school staff member will be assigned to oversee the implementation of the acceleration plan and to monitor the child's adjustment to the early entrance.

At any time during the transition period, a parent/guardian of the child may request in writing that the child be withdrawn from the accelerated placement. In such cases, the principal shall remove the child without repercussions.

Also, at any time during the transition period, a parent/guardian may request in writing an alternative accelerated placement. In such cases, the principal shall direct the acceleration evaluation committee to consider other placement options and to issue a decision within thirty (30) calendar days of receiving the request. If the student will be placed in a different setting from that initially recommended, the acceleration plan shall be revised accordingly, and a new transition period shall be specified.

At the end of the transition period, the accelerated placement shall become permanent. The child's records shall be modified accordingly, and the acceleration plan shall become part of the student's permanent record to facilitate continuous progress through the curriculum.

5408 - ACADEMIC ACCELERATION, EARLY ENTRANCE TO KINDERGARTEN, AND EARLY HIGH SCHOOL GRADUATION

In accordance with the belief that all children are entitled to an education commensurate with their particular needs, students who can exceed the grade-level indicators and benchmarks set forth in the standards must be afforded the opportunity and be encouraged to do so.

The Board of Education believes that such students often require access to advanced curriculum in order to realize their potential contribution to themselves and society.

All children learn and experience success given time and opportunity, but the degree to which academic content standards are met and the time it takes to reach the standards will vary from student to student.

The Board believes that all students, including advanced learners, should be challenged and supported to reach their full potential. For many advanced learners, this can best be achieved by affording them access to curriculum, learning environments, and instructional interventions more commonly provided to older peers.

This policy describes the process that shall be used for evaluating students for possible accelerated placement and identifying students who should be granted early admission to kindergarten, accelerated in one or more individual subject areas, promoted to a higher grade level than their same-age peers, and granted early graduation from high school.

Referrals and Evaluation

- A. Any student residing in the District may be referred by a teacher, administrator, gifted education specialists, guidance counselor, school psychologists, or a parent or legal guardian of the student to the principal of his/her school for evaluation for possible accelerated placement. A student may refer himself/herself or a peer through a staff member who has knowledge of the referred child's abilities.
- B. Copies of this policy and referral forms for evaluation for possible early entrance, whole-grade acceleration, individual subject acceleration, and early high school graduation shall be made available to staff and parents at each school building. The principal of each school building (or his/her designee) shall solicit referrals of students for evaluation for possible accelerated placement annually, and ensure that all staff s/he supervises are aware of procedures for referring students for evaluation for possible accelerated placement.
- C. The principal (or his/her designee) of the referred students' school shall obtain written permission from the student's parent(s) or legal guardian(s) to evaluate the student for possible accelerated placement. The District shall evaluate all students who are referred for evaluation and whose parent(s) or legal guardian(s) have granted permission to evaluate the student for possible accelerated placement.

- D. Children who are referred for evaluation for possible accelerated placement sixty (60) or more days prior to the start of the school year shall be evaluated in advance of the start of the school year so that the child may be placed in the accelerated placement on the first day of school. Children who are referred for possible accelerated placement sixty (60) or more days prior to the start of the second semester shall be evaluated for possible accelerated placement at the start of the second semester. In all other cases, evaluations of a referred child shall be scheduled at the student's principal's discretion and placed in the accelerated setting(s) at the time recommended by the acceleration evaluation committee – if the committee determines the child should be accelerated. Pursuant to Ohio revised code 3321.01, all children who will be the proper age for entrance to kindergarten or first grade by the first day of January of the school year for which admission is requested shall be evaluated upon the request of the child's parent or legal guardian. Children who will not yet be the proper age for entrance to kindergarten or first grade by the first day of January of the school year for which admission is requested shall also be evaluated for possible early admittance if referred by an educator within the District, a pre-school educator who knows the child, or pediatrician or psychologist who knows the child. Children who will not yet be the proper age for entrance to kindergarten or first grade by the first day of January of the school year for which admission is requested may also be evaluated for possible early admittance at the discretion of the principal of the school to which the student may be admitted.
- E. A parent or legal guardian of the evaluated student shall be notified in writing of the outcome of the evaluation process within forty-five (45) days of the submission of the referral to the referred student's principal. This notification shall include instructions for appealing the outcome of the evaluation process.
- F. A parent or legal guardian of the referred student may appeal in writing the decision of the evaluation committee to the Superintendent within thirty (30) days of being notified of the committee's decision. The Superintendent shall review the appeal and notify the parent or legal guardian who filed the appeal of his/her final decision within thirty (30) days of receiving the appeal. The Superintendent's decision shall be final. However, the student may be referred and evaluated again at the next available opportunity, if s/he is again referred for evaluation by an individual eligible to make referrals as described in this policy.

Acceleration Evaluation Committee
Composition

A. The referred student's principal (or his/her designee) shall convene an evaluation committee to determine the most appropriate available learning environment for the referred student. This committee shall be comprised of the following:

1. a principal or assistant principal from the child's current school
2. a current teacher of the referred student (with the exception of students referred for possible early admission to kindergarten)
3. a teacher at the grade level to which the student may be accelerated (with the exception of students referred for possible early graduation from high school)
4. a parent or legal guardian of the referred student or a representative designated by a parent or legal guardian of the referred student
5. a gifted education coordinator or gifted intervention specialist

If a gifted coordinator or gifted intervention specialist is not available in the District, a school psychologist or guidance counselor with expertise in the appropriate use of academic acceleration may be substituted.

B. The acceleration evaluation committee shall be charged with the following responsibilities:

1. The acceleration evaluation committee shall conduct a fair and thorough evaluation of the student.
 - a. Students considered for whole-grade acceleration and early entrance to kindergarten shall be evaluated using an acceleration assessment process approved by the Ohio Department of Education. The committee shall consider the student's own thoughts on possible accelerated placement in its deliberations.
 - b. Students considered for individual subject acceleration shall be evaluated using a variety of data sources, including measures of achievement based on State academic content standards (in subjects for which the State had approved content standards) and consideration of the student's maturity and desire for accelerated

placement. The committee shall consider the student's own thoughts on possible accelerated placement in its deliberations.

- c. Students referred for possible early high school graduation shall be evaluated based on past academic performance, measures of achievement based on State academic content standards, and successful completion of State mandated graduation requirements. The committee shall consider the student's own thoughts on possible accelerated placement in its deliberations.

2. The acceleration evaluation committee shall issue a written decision to the principal and the student's parent or legal guardian based on the outcome of the evaluation process. If a consensus recommendation cannot be reached by the committee, a decision regarding whether or not to accelerate the student will be determined by a majority vote of the committee membership.

3. The acceleration evaluation committee shall develop a written acceleration plan for students who will be admitted early to kindergarten, whole-grade accelerated, or accelerated in one or more individual subject areas. The parent(s) or legal guardian(s) of the student shall be provided with a copy of the written acceleration plan. The written acceleration plan shall specify:

- a. placement of the student in an accelerated setting;
- b. strategies to support a successful transition to the accelerated setting;
- c. requirements and procedures for earning high school credit prior to entering high school (if applicable); and,
- d. an appropriate transition period for accelerated placement for early entrants to kindergarten, grade-level accelerated students, and students accelerated in individual content areas.

4. For students the acceleration evaluation committee recommends for early high school graduation, the committee shall develop a written acceleration plan designed to allow the student to complete graduation requirements on an accelerated basis. This may include the provision of educational options in accordance with Ohio Administrative Code 3301-35-06(G), waiving District prerequisite requirements for enrolling in advance courses, waiving District graduation requirements that exceed those required by the State, and early promotion to sophomore (or higher) status to allow the student to take the Ohio Graduation Test.
5. The acceleration evaluation committee shall designate a school staff member to ensure successful implementation of the written acceleration plan and to monitor the adjustment of the student to the accelerated setting.

Accelerated Placement

- A. The acceleration evaluation committee shall specify an appropriate transition period for accelerated placement for early entrants to kindergarten, grade-level accelerated students, and students accelerated in individual subject areas.
 1. At any time during the transition period, a parent or legal guardian of the student may request in writing that the student be withdrawn from accelerated placement. In such cases, the principal shall remove the student without repercussion from the accelerated placement.
 2. At any time during the transition period, a parent or legal guardian of the student may request in writing an alternative accelerated placement. In such cases, the principal shall direct the acceleration committee to consider other accelerative options and issue a decision within thirty (30) days of receiving the request from the parent or legal guardian. If the student will be placed in an accelerated setting different from that initially recommended by the acceleration evaluation committee, the student's written acceleration plan shall be revised accordingly, and a new transition period shall be specified.
- B. At the end of the transition period, the accelerated placement shall become permanent. The student's records shall be modified accordingly, and the acceleration implementation plan shall become part of the student's permanent record to facilitate continuous progress through the curriculum.
