Your Child's Digital Tattoo

This powerful program has been presented to over **325,000 students**. It covers the basics concerning the evolution of the mobile and broadband world as it relates to student communication, including: inappropriate on-line behavior, bullying and its impact on mental health. We'll cover the causes, the technology and how students can help control these trends.

Stephen Smith, President, **A WIRED FAMILY LLC**, is a former high school coach and teacher who also has over 25 years experience in the world of film, video and interactive media development. For the past 17 years he has worked exclusively in the telecommunications industry. He will provide an overview for parents and others on the consequences of student sexting, cyber-bullying and online privacy — while examining the technologies that enable but can also reduce these practices.

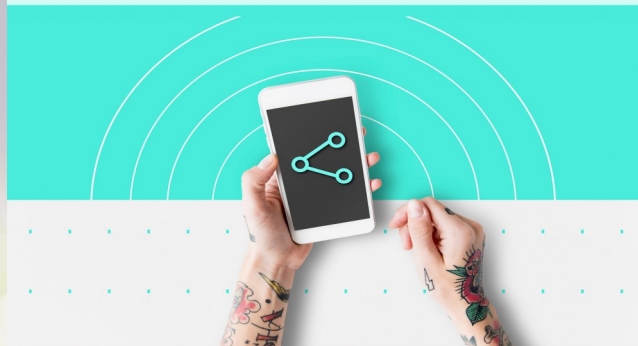

Steve's book, **SOCIAL MEDIA: YOUR CHILD'S DIGITAL TATTOO** is now available on Amazon. Steve also writes a blog for parents entitled:
